Mathematics

Geometry

- To identify 3-D shapes, including cubes and other cuboids, from 2-D representations
 - To know angles are measured in degrees: estimate and compare acute, obtuse and reflex angles
 - To draw given angles, and measure them in degrees (°)
 - To identify:
 - angles at a point and 1 whole turn (total 360°)
 - angles at a point on a straight line and half a turn (total 180°)
 - other multiples of 90°
 - use the properties of rectangles to deduce related facts and find missing lengths and angles
 - distinguish between regular and irregular polygons based on reasoning about equal sides and angles
- To identify, describe and represent the position of a shape following a reflection or translation, using the appropriate language, and know that the shape has not changed

Spanish

- To develop understanding of Spanish phrases and short sentences.
- Practise pronunciation and listening skills through spoken activities and songs.

Homework

- Topic:** Learning through prep activity (see parent video).
- Spellings:** Spellings set weekly on EdShed.
- Reading:** To be practiced regularly. Children should read at least 3 times per week on Myon.
- English and Maths:** Weekly learning through prep activities based on upcoming learning.
