Year 10 Internal Exam 14 June to 24 June

6 Week Revision Plan: Geography

The purpose of subject revision plans is to organise and focus students' revision by providing them with a week by week plan of what and how they need to revise building up to their exams. These will also set high expectations for students to revise for 2 hours per subject a week. This should avoid stress and cramming before exams by planning revision over a 6 week period.

W/B	What?- Topic 1 (1 hour)	How?- Task/Evidence	What?- Topic 2	How?- Task/Evidence (1 hour)	Parent Signature	Teacher Signature
1 3/5/21	Natural Hazards	Complete all relevant sections on Seneca, set by your teacher and on Google Classroom	Natural Hazards	Pixl app shows green for this section
